

Dear Members,

You are cordially invited to attend the **MIDA Tech Tarik Session: "Collaborative Robots - Why and How Collaborative Robots Will Revolutionize Manufacturing Practices?"**

**Date** : Thursday, 20 September 2018  
**Time** : 10 am – 12 pm  
**Venue** : Perdana Hall, Level 18, MIDA Sentral

**MIDA Tech Tarik Session: Collaborative Robots**  
**"Why and How Collaborative Robots Will Revolutionize Manufacturing Practices?"**

**20<sup>TH</sup> September 2018, Thursday**  
**10am – 12pm**  
**MIDA Sentral**

Want to know where Malaysian manufacturers are compared to its neighbours in terms of usage of robots?

- ❖ Live demonstration on how actual 6-axis articulated robot arm can be setup and programmed to run in less than 1 hour.
- ❖ Learn how robot can now be effectively used to handle high mix low volume type of production, especially for SMEs.
- ❖ Owning and programming a 6-axis articulated robot arm are no longer difficult, dangerous or expensive.

Register and join us for an interesting and eye-opening "Tech Tarik" session on collaborative robots!
