## CONFERENCE ON GOVERNMENT FACILITATION AND INCENTIVES FOR CIRCULAR AND LOW CARBON ECONOMY

WEDNESDAY  
26 JUNE 2024

8.30 AM – 5.30 PM

EMERALD & GARNET ROOMS (LEVEL G)  
AVANTE HOTEL, PETALING JAYA

In respond to the Government's initiatives towards low-carbon, climate-resilient economy based on clean, green and resilient development, the plastics industry is advocating for policies that support the transition towards a circular economy, where plastics are reused, recycled or repurposed at the end of their lifecycle. Such efforts require investment in infrastructure, education and incentives to facilitate the transition towards a more sustainable future.

MPMA-MIDA, in a public-private collaboration, is once again jointly organising the **MIDA-MPMA Conference on Government Facilitation and Incentives, focusing on Circular and Low Carbon Economy.**

The Conference will act as a platform to give participants access to a pool of knowledge needed to transform into a green industry.

Apart from the presentations, participants will also have the opportunity to network with the government officials in charge of the various financial facilities and green policies.
