

CIRCULAR NO. 59/2020

DATE: 13 APRIL 2020

**WEBPAGE FOR COMPANIES TO OPERATE DURING THE MCO WILL BE TEMPORARILY CLOSED AT 2.00PM AND WILL RESUME AT 4.00PM**

The Ministry of International Trade & Industry (MITI) has announced that since the applications for companies to operate during the Movement Control Order (MCO) has been opened at 9.00am today, the amount of traffic to the MITI portal has increased dramatically to 176,000 users within the first two hours.

MITI found that the majority of these visitors are not companies but individuals. The high number of visitors is not in line with the number of companies in the approved sector. Therefore, MITI will reconfigure the webpage to ensure that only companies in the authorised sector can access the system.

The application page will be temporarily closed at 2.00pm and will resume operation at 4.00pm through the MITI website, <https://application.miti.gov.my>. MITI would like to remind companies that are registering to make sure their company information is saved before 2:00pm.
