

CIRCULAR NO. 87/2021

DATE: 7 JULY 2021

CRITICAL SECTORS THAT SUPPORT THE PRODUCTION OF HEALTHCARE PRODUCTS, FOOD AND BEVERAGES AS WELL AS THE GLOBAL SUPPLY CHAINS ARE ALLOWED TO OPERATE IN EMCO AREAS IN SELANGOR

Reference is made to the [MEDIA STATEMENT](#) by the Ministry of International Trade and Industry (MITI) dated 7 July 2021.

Highlights are as follows:

The Electrical & Electronics (E&E) sector and its supply chain; Aerospace sector [Maintenance, Repair and Overhaul (MRO)]; Machinery and Equipment (M&E) sector for the production of healthcare and food products; as well as the key food and beverage manufacturing companies are now allowed to operate in localities subject to the Enhanced Movement Control Order (EMCO) in Selangor, beginning 7 July 2021.

The list of key food and beverage products is available in the Standard Operating Procedures (SOP) for the Manufacturing Sector, for the EMCO in Selangor, which can be accessed at www.miti.gov.my. See [APPENDIX 1](#).

Companies in these sectors can resume operations using the existing CIMS 3.0 approval letter which bears the acronym 'PKP 3.0' and dated June 2021 and thereafter.

Companies are obliged to fully comply with the current SOPs for the Manufacturing Sector, for the EMCO in Selangor, that include allowed sectors and activities, as well as the need to adhere to the work force capacity at a rate of 60 per cent while the remainder 40 per cent of employees are to adhere to Work From Home (WFH) policy.

Any company found violating the SOPs will be subject to legal action including fines or closure of the premise for a certain period of time.
