

MPMA i4.0 PROMOTION

@ www.plasticsdirectory.org.my

MPMA is introducing a new section on the MPMA eDirectory for i4.0 providers. Smart manufacturing, automation and digitilisation are tools under the i4.0 umbrella. These tools will help companies maintain their competitive edge. This new section will assist MPMA members to make contact with these technology providers and understand what solutions or services offered.

i4.0 PROVIDERS

on www.mpmadirectory.org.my

MPMA's new i4.0 section will feature in the eDirectory Indices, which will link to a page featuring the list of i4.0 providers. Users need only to select a company from the list to view the profile page (listing) of the selected company.

PACKAGE

Join us now with a flat rate of **RM1,200** for membership to get a listing on MPMA's eDirectory or

Take our special **i4.0** package @ **RM5,000**
