

CIRCULAR NO. 119/2021

DATE: 21 OCTOBER 2021

APPLICATION OF FREE TEST KITS UNDER THE 'PROGRAM UJIAN SARINGAN COVID-19 FASA PEMULIHAN' BY SOCSO

Reference is made to [SOCSCO'S ANNOUNCEMENT](#) on its website dated 30 September 2021.

The Social Security Organisation (SOCSCO) has launched the "Program Ujian Saringan Covid-19 Fasa Pemulihan" on 6 September 2021 to assist employers in conducting the Covid-19 screening programme amongst staff during the recovery phase. This programme is open to all employees (including foreign workers) who are actively contributing to SOCSCO.

In this programme, SOCSCO will provide the RTK Antigen Test Kits (either the professional test kits or self-test kits) to contributing employers. Employers who opt for the professional test kits will be responsible for the coordination of the testings at their preferred clinic(s) and shall bear all expenses incurred for the testings done. Employers who opt for the self-test kits will be held responsible to report the test results in the SOCSCO's Program Saringan Prihatin's (PSP) website <https://psp.perkeso.gov.my/>.

Employers who have not made any applications for the test kits before may apply from 30 September 2021 onwards. The number of kits provided shall be based on the active numbers of staff contributing to SOCSCO. Each employer is limited to a one time application.

Members can refer to PERKESO website at <https://psp.perkeso.gov.my/> for details.
